

# Network Partner

## *r2L approved*

This is to officially certify that

is a certified

**\*\*Network Partner\*\*** of  
r2L roadraillink GmbH

Bayernstraße 54, 5072 Wals-Siezenheim, Austria.

DeuCon as a train Operator is technically and operationally capable of handling the innovative r2L system for the intermodal loading of non-craneable semi-trailers and actively contributes to the modal shift from road to rail.

This certificate grants the right to use the r2L logo for marketing and communication purposes (e.g., on websites, LinkedIn, brochures, or presentations), as long as the usage refers to the terminal's intermodal operations with r2L.

**\*\*Issued on:\*\*** October 2025

**\*\*Valid for:\*\*** 2 years
